

Scholten & Baijings

"We are first and foremost designers who think functionality is just as important as the beauty of the product. Our signature and key words are colour, rich details, transparency, coupled with hand-drawn illustration and a combination of different materials. We use these elements to change anonymous mass production into products with a personal touch and into objects that stand the test of time. We think in colour; it's not a last minute afterthought."

Stefan Scholten e Carole Baijings hanno fondato l'omonimo studio di design Scholten & Baijings nel 2000 e sono oggi universalmente considerati come uno dei più interessanti, innovativi e dinamici duo nel campo del design a livello mondiale. Celebri per i loro prodotti sensibili e discreti ma funzionali, il loro straordinario e spesso imprevisto uso del colore, i loro oggetti di squisita fattura, hanno applicato il loro stile unico nei più diversi settori, dalla ceramica e l'argenteria ai tessuti e perfino a una concept car. Scholten & Baijings hanno ricevuto numerosi premi prestigiosi come l'Elle Decoration International Design Award (EDIDA) per Young Designer Talent 2011, la nomination per il Designer of the Year ai Wallpaper* Design Awards 2015 e Oeuvre Premio Sanoma Woon Awards 2014. I loro prodotti ed edizioni limitate sono esposti in musei e gallerie come il Cooper-Hewitt National Design Museum a New York, l'Art Institute di Chicago, il Victoria & Albert Museum di Londra e il Museo Boijmans van Beuningen a Rotterdam. Tra i loro clienti annoverano Maharam, Hay, Ikea, Karimoku New Standard, Georg Jensen, 1616 / Arita Japan, Moooi, Thomas Eyck e Mini.
