MOSAICI

MOSAICI

I mosaici offre una gamma di tinte unite, miscelate o sfumate, distribuite su tessere di 2,5x2,5. Proposta nel formato 30x30 su rete, la gamma si sviluppa su superfici lucide e opache in gres porcellanato. La vetrificazione dello smalto, cotto ad altissime temperature, consente di ottenere superfici più luminose e contrastate che esaltano tutte le qualità del colore.

The mosaici collection offers a range of plain, mixed or shaded hues spread over tiles 2,5x2,5 in colour size. Offered in the mesh-becked 30x30 size, the range develops over glossy and matt surfaces in porcelain stoneware. Vitrification of the glaze, baked at extremely high temperatures, allows more luminous and contrastier surfaces to be achieved that magnify all of the colour's qualities.
