**I MACINATI
THE GROUNDS**

Si ripropongono i motivi dei classici pavimenti in graniglia da interno di cui la Grandinetti è tra le più antiche fabbriche. E' da questo stile ornamentale, infatti, che prende ispirazione la manifattura di pavimenti per esterni: "Macinati".

Massimo pregio e assoluta manualità nella realizzazione di ogni singolo decoro. Le prove di laboratorio hanno dimostrato eccezionale resistenza all'usura e al gelo, oltre eccellente attrito allo scivolamento.

Classic interior flooring designs in cemented stone-chip tiles by Grandinetti, one of the oldest producers. This ornamental style is the inspiration for exterior floorings: "The Grounds".

Superb quality and absolute skill in the production of every single decorative element.

Laboratory tests have demonstrated exceptional resistance to wear and freeze-thaw phenomenon, as well as excellent non-slip characteristics.

- E' buona regola evitare l'accostamento di colori uguali tra decoro e tinta unita, in questo modo, non si evidenziano le differenti tonalità tra i due.
- Nella formulazione cromatica del decoro evitare di accostare colori simili tra loro.
- Si consiglia di scegliere contrasti decisi e corretti abbinamenti.
- *It is a good rule to avoid matching similar colours for decorative elements and background, since the two different shades will not be highlighted.*
- *When selecting colours for the decoration, avoid matching similar colours.*
- *It is best to prefer strong contrasts and correct colour matching.*
