Bicottura Tradizionale italiana.  
Italian traditional double fired.

*La collezione Mosaitherapy nasce come naturale evoluzione della serie Cromotherapy, gamma di piastrelle che si è sviluppata sulle teorie della cromoterapia. E' una collezione moderna e innovativa che vi offre la possibilità di personalizzare gli ambienti della vostra casa con ambientazioni cromatiche adeguate alla loro funzione d'uso: il lilla per gli ambienti dedicati al relax, il giallo e l'arancione per avere energie positive, il verde o il blu per gli ambienti dedicati alla creatività. La versatilità del mosaico rafforza la collezione Mosaitherapy e allarga il programma confezionando un pacchetto completo comprensivo di fondi lisci con finiture opache, mosaico in tre differenti varianti, listelli abbinati, e tutti i pezzi speciali necessari per completare la gamma. Un progetto per una casa che trasmetta il benessere ai suoi abitanti: è la nostra missione dichiarata, che perseguiamo anche attraverso "un'anima wellness" talvolta espressa in piscina o Spa, altre in sauna, bagno turco o spazio per l'home fitness. Ciò che rende speciale e unico questo prodotto molto concorrenziale, è la completezza della gamma colore, il mosaico che abbina la facilità della posa, la possibilità di rivestire e pavimentare superfici curve, con tutti i pezzi speciali che vanno a completezza del progetto, la versatilità e il pavimento coordinato in gres porcellanato.*

*Mosaitherapy is a range of tiles created and developed according to Mosaitherapy theories. It is a modern, innovative collection that offers the possibility of customising rooms in your house with colours suited to the function of a room. For example, lilac for relaxation areas, yellow or orange for positive energy and green and blue for environments dedicated to creativity and concentration. Mosaitherapy can be matched with floors from the Colors range.*

*Mosaitherapy ist eine Fliesenserie, die auf der Grundlage der Chromtherapie entwickelt und konzipiert worden ist. Diese moderne und innovative Kollektion bietet Ihnen die Möglichkeit, die Räume Ihres Zuhauses je nach ihrer Funktion ganz individuell farblich auszustatten: Lila für die Räume, in denen Sie sich entspannen möchten, Gelb oder Orange für eine positive Energie, Grün oder Blau für die Räume, in denen Sie kreativ sind. Mosaitherapy ist die naturliche Evolution der Kollektion Cromotherapy und kann wie diese perfekt mit den Bodenfliesen der Serie Colors kombiniert werden.*

Il s'agit d'une collection moderne et innovatrice qui vous offre la possibilité de personnaliser la décoration de votre maison avec des ambiances chromatiques adaptées selon l'usage qu'on en fait : le lilas pour les ambiances dédiées à la relaxation, le jaune et l'orange pour avoir des énergies positives, le vert et le bleu pour les ambiances choisies pour la créativité. Mosaitherapy est la naturelle évolution de la collection Cromotherapy et comme celle-ci, parfaitement coordonnable avec des sols de la série Colors.*
